mobilee®

enjoy moving

MORE THAN JUST A HYALURONIC ACID

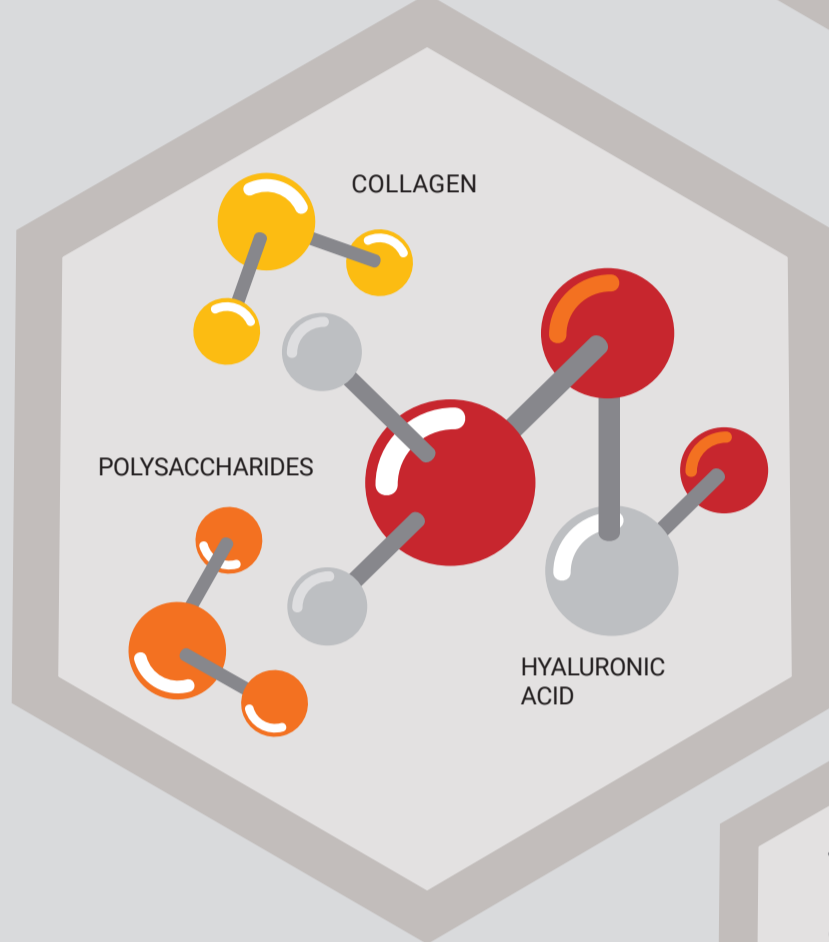

THE ROLE PLAYED BY HYALURONIC ACID

This is a substance generated by our body. It lubricates the joints and facilitates movement.

The hyaluronic acid in our body reduces with age and with overuse of the joints.

mobilee®

WHAT IS MOBILEE®?

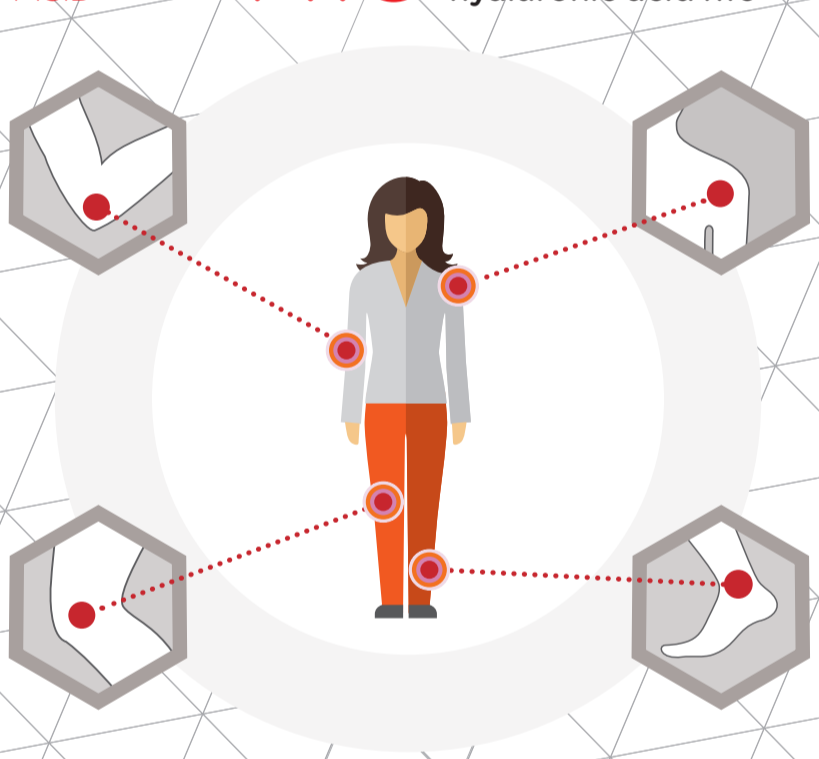

Mobilee® is a natural ingredient with a high content in hyaluronic acid and other components such as collagen and polysaccharides.

Its effectiveness has been tested in over 10 scientific and clinical studies.
